ECKFORD LINE.

FOR the transportation of Produce, Merchandise, etc., from and to New York and the Western States, in connection with the
BUFFALO AND CHICAGO LINE OF STEAMBOATS.

Lady Elgin, Hendrick Hudson, Sultana,
Louisiana, Globe, Wisconsin.

The proprietors of the Eckford Line would particularly call the attention of the Merchants of Wisconsin, Illinois, and other Western and Southwestern States to the superior facilities of their line for transportation to and from the ports on the Upper Lakes. The above line of Steamboats runs direct to our Dock, at Buffalo, and all goods contracted by this line for the Upper Lakes will be shipped (unless otherwise ordered or contracted) by *Steamboats*, [illegible] Propellers with but one, or possibly two exceptions. The Eckford is the only Line not interested in, or committed to, a Propeller Upper Lake Line; and in endeavoring to sustain a line of *Steamboats* on that route, the Proprietors hope to receive the support and patronage of the Merchants of the Western States, when interest demands the continuance of a line of such a class of Boats. Boats leave New York and Buffalo daily.

For days of sailing of Steamboats from Buffalo and Chicago, see advertisement in another part of this paper.

Refer to L. J. Higby, Thomas P. Williams, and Kellogg, Strong & Co., Milwaukee.

THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card, as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Brier Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Brier Hill, and for most purposes, is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a *trial* is only necessary to convince any of the truth of the above assertion.

Capital over $165,000—in Cash and Premium Notes

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered, are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

DEATH OF DANIEL WEBSTER.

The intelligence received in this city on Saturday last of Mr. Webster's very serious illness, and the report which reached us towards evening that his physicians deemed his case hopeless and doubted the possibility of his surviving thro' the night, had prepared our citizens in a measure for the mournful news of the Great Statesman's death. The sad event transpired at 22 minutes before 3 o'clock on Sunday morning, and the intelligence was communicated to us in a special despatch at 9 A. M. yesterday, and immediately promulgated from our office in an extra. The news, as it spread thro' the city, excited the deepest sensation. Flags were hoisted at half-mast on several of the public buildings, and the same impressive emblems of mourning were displayed from the Whig and Democratic Head Quarters. A feeling of profound regret for the departed Orator and Statesman pervaded the entire community. All parties united in deploring the loss which the councils of the country have sustained in the death of Daniel Webster.

Mr. Webster was a man of transcendent abilities. As an Orator, America has furnished no equal, and the world no superior. As a Statesman, he took equal rank with the ablest men of the age. As a Diplomatist, he stood second to none in the councils of his own, or foreign lands. As a Lawyer, he occupied the very front rank in the profession which he dignified and adorned.

Mr. Webster was a self-made man. He commenced life in humble circumstances, and with neither fortune, nor connections to smooth his path. But his giant mind and untiring energy needed no such adventitious aids. He was equal to the creation of his own fame and fortunes, and was indebted to himself alone for that eminent success which crowned his professional labors, and for the high distinctions which clustered round his political life.

In the Senate, as in the Cabinet, Mr. Webster towered above all his compeers. His State Papers and his Senatorial Speeches are models of their kind, and will continue to be read and admired while the English language lasts. As was the case with John Quincy Adams and Henry Clay, Mr. Webster outlived the prejudices of political opponents, and descends into the grave amidst the unaffected regrets of a whole People.

"After life's fitful fever he sleeps well." A Great Nation, whose councils he had swayed, whose interests he had studied, whose progress he had illustrated, and whose glory he had advanced, bend in sorrow over the tomb which holds his mortal remains. They mourn in him the loss of the Great Statesman, the Unrivalled Orator, the Defender of the Constitution. They hold in grateful remembrance the signal services he has rendered his country; they cherish his fame as part of the Republic's proud heritage, and they will enshrine in their hearts the memory of his matchless eloquence, and the lessons of his great life.

☞ Mr. Tweedy and the Sentinel will doubtless vote for Durand, and put themselves right on the record, just as some Democrats will vote for Pierce, who work privately for Hale, but the Whigs—lots of them—who look to Mr. Tweedy and the Sentinel for counsel, are going for Wells. There is no denying that.—*Free Democrat.*

We *do* deny it, emphatically. No whig, in the First District, who "looks to Mr. Tweedy or the *Sentinel* for counsel," will go for Mr. Wells. Our counsel, private and public, to every Whig and friend of Scott and a Protective Tariff in the District, is, *to vote and work* for Henry S. Durand. If they do so, we repeat that *his election is certain.*

☞ In every place which Gen. Scott visited previous to the late elections in Pennsylvania, Ohio and Indiana, the whig vote was reduced.—*Morning News.*

O yes! very much reduced! In Cincinnati, for instance, where the Loco Foco majority of 2700 of former days, is swept away, and nearly the whole Whig ticket elected. In the Columbus district, too, where the Legislature had gerrymandered a majority of a thousand for the Loco Congressman, and where he is elected by barely 14 majority.

One Week to Election!

On Tuesday next, the second day of November, the People of the United States are to make choice of a Chief Magistrate for the ensuing four years. In many of the States, our own among the number, the same day is set apart for the election of Members of the National and State Legislatures, and of various County Officers.—However important these last may be to the citizens of different States, the paramount interest attaches to the Presidential Election, for that concerns the People of the entire Union, in their foreign as in their domestic relations, and upon the result hang momentous consequences. In the selection of a President, every citizen of the Republic has a right to a voice, and corresponding with that right is the *obligation* for its faithful, intelligent and independent exercise. On the day which determines this important issue every man, who enjoys the right of suffrage and is worthy of this privilege, should go to the Polls and give his vote, honestly and conscientiously, for that candidate to whose hands he believes that this high trust may most safely be confided. We look upon the duty of voting on that day as one not to be lightly discharged, or heedlessly neglected. We have little respect for the intelligence and less confidence in the patriotism of that man, who looks upon the exercise of the elective franchise on that day, as a matter of small moment, or who goes to its discharge, reluctantly, thoughtlessly, or indifferently. If it be the duty of every good citizen, of every true patriot, when foreign aggression threatens the rights, the honor and the liberties of his country, to fly to the rescue; it is no less his duty, when its present welfare and future progress and prosperity are involved in the issue of a Presidential Election, to attend the Polls *at every sacrifice*: to make *that* the business of Election day, and to give his voice, his influence and his vote for the man whom he regards as best qualified to guide the councils and administer the laws of the Republic.

We can conceive of no plea, indeed, short of some overruling physical necessity, which could justify an elector for absenting himself from the polls and neglecting to vote at a Presidential election. Every man who is fit for and deserving of the elective franchise ought to exercise it on that day, or forever after hold his peace and relinquish the privilege. Nor is it the duty of every good citizen merely to *vote.* It is incumbent upon him to see that his vote be both *right* and *efficient*—that it be cast for those candidates and that policy most likely to promote the welfare and protect the interests of the country; and that it be *not* given to those whose success would be detrimental to the public welfare, or *thrown away* upon others whose election is *impossible.*

Two candidates for the Presidency stand out prominently before the American People—Winfield Scott and Franklin Pierce. Others have been named and are still supported, in different sections of the Union, as Mr. Hale by the Free-Soilers, Mr. Troup by the Southern State Rights party, and Mr. Goodell by the Abolitionists; but no one of them has any prospect of carrying a single State in the Union, or the remotest chance of being elected President. The choice is restricted, by force of circumstances, to the two first named. One, or the other, Winfield Scott, or Franklin Pierce, is to be the next President of the United States. Every man who wishes a voice in the selection of Chief Magistrate, must choose between these two. To vote for any body else is to *throw away* his ballot, to fire a blank cartridge, to dodge a responsibility. No freeman, who properly appreciates his duties and responsibilities, will do this. Altho' neither of the candidates named may come up fully to his standard, or reflect all his sympathies and sentiments, he will still feel that there *is* a choice between them, and that he is called upon by every consideration which can actuate a good citizen, or appeal to a true patriot, *to make that choice.*

For whom, then, should he vote? Setting aside for the moment all *political* considerations, assuming that those two candidates stood before the People *upon their own* merits, that no party Convention had nominated and no party Machinery been put in motion to sustain them, for which of those two would *nine-tenths* of the Electors, left to their own sober judgement, uninfluenced by partisan appeals, or sectional prejudices, cast their vote? Who can doubt, that it would be for WINFIELD SCOTT, the man who has been tried *for forty-five years* in the service of his country, in most responsible stations, and has never been found wanting—the man whose great deeds blazon every page of the republic's history and have crowned with glory the American Arms—the man who in Peace as in War, has proved himself faithful in every trust and equal to every emergency—the man whose private character is as pure and unsullied as his public life has been active and illustrious—the man whose fame is dear to every true-hearted American and familiar to every citizen of enlightened Europe! Who, we repeat, can doubt that if the electors of the United States were called upon to-morrow, without regard to party and with reference solely to claims and qualifications, to choose a President, they would by an *immense* majority, declare their preference for Winfield Scott over a man of such moderate capacity, of such narrow views, of such brief public experience and of such comparatively undistinguished services, as Franklin Pierce—a man till in June last not known by *name* even to *one in a thousand* of his countrymen and not seriously thought of, in connection with the Presidency, by *one in a million!*

If then, all personal considerations plead so strongly in favor of Gen. Scott, what is there in the principles avowed, or the measures advocated by the opposing candidate which should turn the scale in favor of Mr. Pierce? None can doubt Gen. Scott's fidelity to the Union. He is not likely to betray a cause in which he has served faithfully during forty-five years. As little can any question his respect for and obedience to the Constitution and Laws. Here too the Past offers ample guarantees to the Future. Then as to the prominent issues in the pending canvass, the Slavery question, the Tariff and Internal Improvements—on *all* of these Gen. Scott ocupies the *right*, and Mr. Pierce the wrong side. Gen. Scott, tho' born in Virginia, has never been a Slave-holder, and, as he himself says, adopted in early life the opinions of Jefferson in favor of Negro Emancipation. No sane man doubts that his sympathies are all on the side of Freedom, and that he would resist the extension and, by all constitutional means, hasten the abolition of Slavery. Mr. Pierce, on the other hand, in his support of the Atherton Gag law, in his denial of the Right of Petition, in his persecution of John P. Hale, because the latter resisted the Annexation of Texas, and in his whole public course, has shown himself the supple tool of the Southern extremists and the most unblushing of Northern Doughfaces.

Gen. Scott is a zealous friend of *Internal Improvements*, appreciating their importance both as means of defence in War and elements of prosperity in Peace. He believes, with the entire Whig Party of the Union, in the right and duty of Congress to make liberal appropriations for improving our Lake Harbors and Western Rivers, and has no "salt water" refinements, or "Constitutional scruples" about signing bills for this purpose. Mr. Pierce, on the other hand, has *always voted against every such appropriation*; emphatically denies the right of Congress to make them, and, in the language of his supporters, *will veto* every River and Harbor Bill *"as surely as there is a sun in the sky."* Can it be possible that the West will vote for a candidate who is thus *pledged* against one of its most important interests?

Gen. Scott is a firm believer in the policy of *protecting the manufactures and encouraging the industry* of our own land. Like Washington, Jefferson, Jackson and every other American President, except *James K. Polk*, he is in favor of sustaining our own manufactures, giving employment to our own Labor, and building up our Home Market. Mr. Pierce takes precisely the *opposite* ground. He *scouts* the doctrine of Protection. He has no sympathy for the Manufacturers, Mechanics and Laborers of our own land. He goes in for British Free Trade, or as Mr. Tweedy well expressed it in his speech at Delaware, Mr. Pierce, instead of upholding "Free Trade and Sailors' Rights," is, in fact, for *Foul Trade and Sailors' Graves*—opposed to Harbor and River Improvements and in favor of England's monopolizing the American Market.

Such, then, are the distinctive issues between the two prominent Presidential candidates—such their relative claims and qualifications for the Chief Magistracy of the Republic. Bearing these in mind, how is it possible for any Western Man, for any true-hearted American, to hesitate in his choice? How refuse to sustain Scott, or resolve to vote for Pierce? How peril the great interest of Harbor and River Improvements by voting for a candidate *notoriously hostile to them?* How give a death-blow to American Manufactures and Home Labor by sustaining a candidate pledged to "British Free Trade?" Winfield Scott has almost accomplished the "three score years and ten" allotted to man. Of this term full *forty-five years* have been passed in the public service. *No living American* has rendered more signal services, or conferred greater glory upon the Republic. *No living American* has higher, or stronger claims to the gratitude, the regard, and the suffrages of his countrymen. The American People are *not* ungrateful. They will not ignore the services, or disregard the claims of the War-worn Veteran.—They know the worth, they cherish the fame, and they remember the great deeds of Winfield Scott. Unless they are false to their own character, forgetful of their best interests, deaf to the appeals of Justice and the promptings of Patriotism, and regardless of the good opinions of the civilized world, they will, *on Tuesday next*, with loud acclaim and by a commanding majority, award to Winfield Scott the highest meed for long, faithful and distinguished public services, by electing him President of the United States!

Our Market.—The Berlin (Marquette Co.) *Mercury* says:

Winter Wheat brings, in Milwaukee, only 65 cents per bushel, which hardly pays the farmer at this section to team it so far.

Wheat brings little enough to the Wisconsin farmer, certainly, but the price this fall, in this market, has been much nearer 75c than 65c for good winter wheat; and for a part of the time has been near 80c.

If we only had a good home market now, our Marquette County farmers who visit us, might reasonably expect much better prices. As it is, while our dealers have to buy, dependent upon the chances of a market 3000 miles away, they cannot do otherwise than as those chances indicate. There's a better time coming, we hope.

Pennsylvania.—The Pittsburgh *Gazette* says the returns come in too slowly to arrive at any very definite result, with certainty, of the late election in this State, but two facts of great importance are pretty well ascertained.

One is, that the vote is a small one, probably 50,000 short of a full vote.

Another is: that the Locofoco party, with all its boasting and extravagant joy, has not polled a majority of the votes at the late election. We have not the data now before us to verify this, but will have in a day or two, when it will be seen that the Locofoco party is in a minority in the State.

Mean Business.—In the Cincinnati Canal district, Jesse Timanus, the Loco Foco Commissioner, discharged 160 workmen, mostly Germans, because they voted the whig ticket. Having failed to wheedle these voters into obedience, they thus tried to drive them into the traces. The same officer refused to employ any new hands except such as should pledge themselves to vote for Pierce and King.

A Prophecy.

To the Milwaukee *Sentinel* we would say that Marquette County is good for 250 democratic majority.—*Marquette Mercury.*

Well, we put it on record, and will see how it turns out, next week.

Butter.—The New England papers say that there will be more butter made this month than ever before in October. The feed is now good all over the New England States, and any deficiency in richness will be amply compensated by feeding out from the abundance of the root crops.

For Assembly.—Wm. F. Tompkins is the whig candidate for Assembly in the Janesville district—an excellent nomination, and one which gives strong hopes of success.

Accident.—We regret to learn that Mr. Ephraim Seacomb, of Wauwatosa, was thrown from his wagon yesterday (his horses taking fright) and severely bruised.

City Matters.

Death of Hon. Daniel Webster.

SPECIAL MEETING OF THE COMMON COUNCIL.

Monday Evening, 7 o'clock, Oct. 25.

At a special meeting of the Common Council called by the Mayor, on receipt of the news of the death of Hon. Daniel Webster:

Mayor Crocker in the Chair.

Present.—Ald. Foote, Fishbach, Hickey, Martin, Prentiss, Peck, Reed, Rosebeck.

The Mayor stated briefly the object of the meeting, being to express the sentiments of the Common Council at the sad news of the death of Hon. Daniel Webster. He alluded in fitting terms to the services of the great Statesman, as not only standing in the fore-front of the array of the great men of our country and of the age, but as pre-eminently a true and tried friend of the West.

Ald. Prentiss moved the following resolutions:

Whereas, it has pleased Almighty God in his providence to take from this life the Hon. Daniel Webster: again afflicting our country by the death of a most distinguished citizen and patriot; and Whereas, it becomes all citizens of the United States, as individuals and as communities to mourn, not only as a private grief, but as a public calamity, the death of one whose career has been so full of usefulness and honor to his country and his race, therefore

Resolved, That it be and hereby is recommended to the inhabitants of this city, to abstain from their usual business avocations, and to close their places of business on to-morrow, Tuesday, the 26th instant, from 1 to 3 o'clock in the afternoon.

Resolved, That it be also recommended to our citizens, to cause all the flags in the city, whether on board ship, or on land, to be raised at half mast, the several bells of the city to be tolled, minute guns to be fired, and to make such other demonstrations of mourning, as they may deem proper during the time aforesaid.

Resolved, That it be further recommended to the inhabitants of the city, to assemble in public meeting at the Court House on Wednesday, the 27th instant, at 7 o'clock P. M., to make such further arrangements as may be deemed proper for funeral obsequies on the occasion of the lamented death of the great Statesman and patriot, Daniel Webster.

Resolved, That the Clerk cause the foregoing resolutions to be published in all the City papers.

On motion Aldmen Prentiss Vliet, Hickey, Martin, and West were appointed a committee to carry out the objects of the resolutions.

Adjourned.

HONORS TO THE DEPARTED.

It will be seen by reference to the proceedings of the Common Council, convened in special session by His Honor the Mayor, on receiving intelligence of Mr. Webster's death, that it is proposed to pay suitable honors to the memory of the departed Statesman *this day.* It is recommended, as a fitting expression of public sympathy and sorrow, that our citizens abstain from business, and close their stores and offices between the hours of 1 and 3 o'clock this afternoon: that colors be displayed at half-mast by all vessels in port and from public buildings in the city, and that the church-bells be tolled and minute guns fired during the period indicated.

It is also recommended that a public meeting be held at the Court House *to-morrow* (Wednesday) evening, at 7 o'clock, to make such further arrangements for paying funeral honors to the great dead as may be thought advisable. We trust that these recommendations will meet with prompt, cordial and universal acceptance. Let Milwaukee honor itself by honoring the memory of Daniel Webster!

Don't Come up to it.—The Chicago Journal of the 22d. has the following:

The Clipper C. Y. R.—The go ahead owner of the C. Y. Richmond, with Captain to match, commemorated her arrival on her *eighth* trip, by a dinner on board yesterday, to a party of friends.

The *C. Y. Richmond* is a clipper, but the *Sam Hale*, Capt. Hugh Shorts, of this port, is ahead. She arrived at Buffalo on the 19th, on her *ninth* trip down. Capt. Hugh's friends will doubtless be on hand when he returns.

Great Speed.—The new Milwaukee built locomotive *Menomonee* was put to its paces yesterday morning on the track between here and Waukesha, and ran *fourteen miles in twelve minutes.*—That will do!

Seventy Miles an Hour is pretty good travelling.

A North Easter.—The wind "piped up" yesterday and blew heavily, all day, from the North East. It kicked up a great dust on land and a big sea on the Lake. Nevertheless Capt. Butlin came along, as usual, in his staunch boat the *Arctic*, landing his passengers and the mails here by 7 o'clock.

Fire Alarm.—There was an alarm of fire on Sunday morning at about 7 o'clock. It was found to arise from a chimney in the Hospital building, corner of Jackson and Oneida Sts. No damage done.

Social Party.—The Milwaukee Musical Society has a gathering of its members, and others, for a social dance this evening. For places where tickets may be obtained, see the advertisement.

A Tammany Hall Meeting! Robert J. Dillon turned off the ticket! A Tammany Hall Speech.

At the Ratification Meeting at Tammany Hall, New York, recently, the name of Robert J. Dillon, a distinguished Irish exile, was struck from the County ticket! The *Evening Post*, democrat, says:

> The mover then put the question to the audience, asking those in favor of striking Mr. Dillon's name from the ticket to say "aye." The response seemed to be unanimous.—The mover omitted to submit the negative side of the question, and consequently there was no opportunity for the friends of Mr. Dillon to be heard. The confusion now became almost indescribable. The chairman used every exertion, to expel the intruder from the platform, and to recover his divided authority, but that was not so easily accomplished. The volunteer President was backed by some twenty or thirty muscular young men, who were much less inclined to leave the platform than to take exclusive possession of it."

After a scene of unmitigated rowdyism for the space of an hour, James T. Brady, Esq., got the floor for a speech, which is thus described by the same democratic authority:

> "We do Mr. Brady's speech no injustice, when we characterise it as one of the most revolting and wanton exhibitions of profanity and malignity we ever witnessed, even in a political speaker."

Senatorial Nomination.—The Loco Foco Convention which met in this city yesterday afternoon, after a laborious and protracted sesson, nominated E. M. Hunter, of the firm of Coon and Hunter, as their candidate for the State Senate from the 5th Senate District (1st & 2d Wards and the towns of Milwaukee, Granville and Wauwatosa.)

The vote in Convention, for a long time, was a *tie* between Dr. Heubschmann and Mr. Hunter: 12 for each. How it was finally *untied*, we did not learn, but the result is, that Mr. Hunter is the nominee of the party. Whether he will be the choice of the people remains to be seen. We imagine *not.*

Won't be Driven.—Many of the best names among the "democracy" of Fond du Lac appear in opposition to the regular county ticket. The *National Democrat* has been very bitter in its abuse of them, whereupon the *Journal*, the old organ of the party, says:—

> The harsh and untimely epithets and innuendoes used in the National Democrat, against Democrats, are not calculated to strengthen the democratic cause, or to add to the vote on the county ticket. Such a course is unjust and unwise, and cannot meet the approbation of prudent men. It is calculated to accomplish the very end that it seeks to divert—the defeat of the county ticket. Men cannot be driven, at this day, by denunciation.

Snow and Cold Weather.—There was a smart snow storm in New Hampshire on Friday Oct. 15. The Concord Patriot says: "We learn that six inches of snow fell at Nashua on Friday morning. The first up train of cars were completely covered when they arrived at Concord, though no snow fell here."

Third Ward Caucus.—At the meeting of the Scott men of the 3rd ward last evening, Messrs. N. Paul, Richard J. Owens, and Myron H. Orton were appointed delegates to the Senatorial Convention.

Correspondence of the Sentinel.

Prospects in Walworth County.

Geneva, Oct. 20.

Messrs. Editors:

On Monday last, Mr. Durand, the Whig candidate for Congress in this District, addressed our citizens on the political issues before the People. He was followed by Mr. C. S. Chase, in a capital delineation of New Hampshire "democracy" as embodied in Franklin Pierce. Both speeches were attentively listened to and well received.

Mr. Durand's chances improve hourly. Mr. Durkee's majority in '52 was made up, in great measure, of Whig votes; the Whigs at that time not being willing to see that personification of political inconsistency, A. S. Elmore, sent to Congress. Now, however, they have a candidate of their own to support, with a fair prospect of his election; and they will not desert him. Durand can *beat* Wells, if all who desire his election *poll straight.* Let our friends in the Northern portion of the District *do their whole duty* and we will send Durand out of this County with such a vote as will astound his opponents. Give us your hand, as we know we have your heart, in the cause of the North-West and of the whole country.

Scott Forever! Truly Yours,
BADGER.

Correspondence of the Daily Sentinel.

Port Washington, Oct. 23rd.

Messrs. Editors:—

On Thursday evening the citizens of this village were much edified by an address from your townsman, George E. H. Day, Esq., who, by request, gave his reasons for preferring Scott to Pierce. It being Court Week, many democrats were in town, and his speech was listened to with deep interest. Among other points which he touched, was the subject of Rivers and Harbors and Gen. Pierce's course in opposing all appropriations for these objects. The eyes of many of the democracy were opened as well as their ears, and many who had thought of voting for Pierce are now determined to support the Hero of Lundy's Lane. We feel under much obligation to Mr. Day for his timely speech. Mr. Fay of the "*See Bo*" is also doing great good in this county.

Rely upon it that the Scott men of this vicinity are wide awake, and if I am not greatly mistaken in the signs of the times, Old Washington County will redeem her character on the 2d November. L.

For the Sentinel.

To the People.

I am a candidate for Register of Deeds in Milwaukee County, and respectfully solicit votes enough to elect me, and if there should be a few over it would do no harm. I solicit the office because it is any citizen's right to do so, and though I shall be glad to get it, I can live without it.

EDWARD EMERY.

SECOND WARD SCOTT MEETING.

AT a meeting of the electors of the Second Ward, in favor of Scott and Graham, held pursuant to notice, on Saturday evening last, Mr. J. A. Phelps was called to the Chair, and W. Burke appointed Secretary.

On motion it was resolved that the meeting proceed to ballot for 3 Delegates each to the County and Senatorial Conventions, and that the Polls be kept open for half an hour.

The vote having been canvassed, Messrs. John Phelps, J. Phillips and A. J. Langworthy, were declared elected Delegates to the Senatorial Convention, and J. A. Phelps, A. Roesler and G. Hartett, to the County Convention.

On motion, Messrs. Burke, Roesler and Mass were appointed a committee to select a Vigilance Committee of 12, and an Executive Committee of 5, to transact all business appertaining to the election.

On motion, it was resolved that the Scott Men of the Second Ward be invited to meet at the Club Room on *Friday evening next*, at 7 o'clock, for the purpose of nominating a candidate for the Assembly in said Ward, and to make a regular Scott Demonstration, and that the call for said meeting be published in the *Sentinel* and *See Bee.*

On motion of L. N. Dewey, it was further resolved that the Vigilance Committee be instructed to procure cannon and music for the meeting on Friday.

Whereupon the meeting adjourned to assemble again on Friday evening next, at the firing of the gun and the tap of the drum.

J. A. PHELPS, Chairman.
W. Burke, Secretary.

Scott in the Hour of Victory.—Upon the eventful day when Gen. Scott entered the city of Mexico, he issued the following congratulations and injunctions to the gallant army under his command;

> "Under the favor of God, the valor of the army, after many glorious victories, has hoisted the colors of our country in the capital of Mexico, and on the palace of its government. The honor of our army and the honor of our country call for the best behavior on the part of all. The valiant must, to obtain the approbation of God and his country, be *sober, orderly* and *merciful.* His noble brethren in arms will not be deaf to this appeal from their commander and friend."

And on the evening of the same day he addressed the troops in this becoming language:

> "The general-in-chief calls upon his brethren in arms to return, both in public and private worship, thanks and gratitude to God for the signal triumph which they have recently achieved for their country. Beginning with the 19th of August and ending the 14th inst. this army has gallantly fought its way through the fields and forts of Contreras, San Antonio, Churubusco, Molino del Rey, Chapultepec, and the gates of San Cosme and Tacubaya, into the capital of Mexico. When the very limited number who have performed such brilliant deeds shall have become known, the world will be astonished and our countrymen filled with joy and admiration."

We look in vain over the pages of ancient or modern history, remarks the United States Gazette, for any parallel to these impressive and touching appeals in the hour of triumph. They were the spontaneous promptings of a noble soul, humbled before God, when man's proud nature was most prone to be presumptuous of its own prowess, and mindful of moral duty before every suggestion of personal gratification. Of the many laurels which decorate the brow of Winfield Scott, there is not one which will bloom longer or be more cherished by posterity, than this which commemorates humanity moderating the spirit of victory.—*Baltimore American.*

Man burnt up in a Wagon—Rum & Ruin—As Mr. C. Sabin, of South Bristol, was returning home from this city last Monday, and just before he reached the toll-gate, on the plank road, smoke was seen issuing from his wagon. He had been smoking and had by some means set the hay on fire in his wagon. He was observed endeavoring to put out the fire with his hand. As his horses turned the corner to go south, his wagon was upset, and he was thrown out. The neighbors ran to him and stripped the clothes from him and carried him into the toll-house, where his burns were dressed. He was too drunk to help himself, and was awfully burned. He has since died.—*Kenosha Telegraph.*

Australian Gold.—The arrivals of gold in England from Australia are large. One ship the Medway, carried in $1,350,000, and several smaller sums are reported by other vessels, in all, $2,600,000 in a single week. During the same week, $1,365,000 arrived from the West Indies, and $340,000 from New York.

—Oysters in cans now reach Cincinnati in 48 hours from New York.

—A musical amateur of Cleveland has a squalling boy in his family, whom he calls *Sou Tug.* So says the Cleveland *Herald.*

—The town of Greenland, Me., sends 10,000 barrels of apples to market this fall.

"There's a Good Time Coming, Boys."—We are glad to see the demonstrations of enthusiasm among the great masses of the Whig party. The people are everywhere moving—the masses are thundering down to the support of the noble old hero who gave the strength of his youth and the vigor of his manhood so gallantly to their defence. Accounts from every part of the State are most cheering. A great victory awaits us in November.—*Albany State Register.*

The Menomonee Payment.—The payment of the Menomonee Tribe of Indians, takes place this season at Lake Shawnow—over 100 hundred miles up the Wolf River. There is to be some $30,000 paid at the payment, and $20,000 yearly hereafter for twelve years. It will be held sometime between the 5th and 12th of November. There is usually great excitement upon these occasions. We noticed large quantities of goods on the docks, destined for the pay ground.—*Oshkosh Courier.*

One of the Signs of the Times.—Mr. W. H. McDonald, the Napoleon of Advertising, raises his new sign to-day, on the second story of "Fowlers' building," on the corner of Ann and Nassau, opposite the "Mirror Buildings." We understand that the "Empire City Bank" have taken the first floor—a good move.—*N. Y. Mirror*, 18th.

Can Mississippi be Carried for Scott?—The last Clarksville (Tenn.) Eagle, says: "We learn, from reliable authority, that Hon. Judge Clayton, late of the Supreme Bench of Mississippi, gives it as his opinion that Mississippi will cast her vote for Scott and Graham."

WORTHY OF ALL CONFIDENCE.
Dr. Storm's Celebrated Scotch Cough Candy.—No medicine ever invented has gained more popularity than this, nor is there any more deserving of it. There are so few compounds worthy the high merit claimed for them, that when one which is really destined to benefit the afflicted is put forth, we are slow to believe our most intimate friends, when they praise it. But Storm's Scotch Cough Candy is sold at a price so low, it must be evident to all that if it did not sustain a good reputation, enough would not be sold to pay for advertising. Almost every person that uses this article according to direction will feel justified in recommending it to others, it needs but a small outlay of money and time to satisfy the most sceptical that it is worthy of all confidence as a remedy in diseases of the Chest and Lungs.
Price, One Dime per Roll; 3 Rolls for 25 Cents; or $1 per Doz.
A handsome engraving of the Scottish Coat of Arms, and the written signature of Hamilton Wade, (proprietor,) is on the outside wrapper of each roll or package.

☞ Hundreds of our citizens complain of debility and languor of the system, derangement of the liver and stomach, want of appetite, &c.; they are frequently the result of too close application, and a thousand other causes we cannot here name; but we would say to all so afflicted do as we have done—get a bottle or two of Dr. Hoofland's German Bitters, prepared by Dr. Jackson, and, our word for it, you will be cured. We recommend this medicine knowing from experience that it is much superior to the generality of patent medicines. We would say to our readers, purchase none unless prepared by Dr. C. M. Jackson, Philadelphia.

ARE RECOMMENDED BY THE COMPANY WITH renewed confidence, as efficacious remedies for most of those ills which attack humanity. They may now be said to have reached the home of every family in the Union. Since the last year the increase in sales has been most gratifying, and the highest and most reliable testimonials to their genuine worth, have flowed in upon us from every quarter. One agent writes, "your medicines are all-potent in this community—you do not begin to supply my wants;" another, "that the faculty are endeavoring to injure their sale, but it is of no use, the neighbors use them with the best success, and advise their friends to do so too." One writes, "send more of your Uterine Catholicon, the doctors can do nothing with the diseases it warrants to cure, and your medicine is working miracles," &c. &c. We can assure the public that all that may ever be said in favor of this wonderful remedy, (The CATHOLICON) will never do its merits full justice. We have many orders from the regular faculty, by whom it is extensively used in their practice, as a certain cure for Prolapsus Uteri, and other distressing complaints incidental to females. On the outside wrapper of every bottle will be seen the NAME AND SEAL of the GRAEFENBERG COMPANY, the article has been counterfeited otherwise.

Reported Exclusively for the Sentinel.

LAST HOURS OF DANIEL WEBSTER.

Boston, Oct, 25.

The *Courier* furnishes the following particulars of Mr. Webster's death and burial. Mr. Webster took leave of his relatives and attendants, and requested that no one should leave Marshfield till after his death. He then made minute inquiries about his condition and probable termination of his life: seeming to be anxious to mark to himself the final period. He was told it might occur in one, two, or three hours. He then said he supposed he must lie quiet till it came. The vomiting occurred again. The Doctor handed him something which he hoped might give him some ease. He remarked, "Something more, Doctor, I want restoration." Between 10 and 11 o'clock he repeated, somewhat indistinctly, the first line of Gray's Elegy,

"The Curfew tolls the knell of parting day."

"That's it, that's it." The book was brought and some of the bystanders read to him, which seemed to give him pleasure. From 11 to 12 o'clock there was much restlessness, but not much pain. A faintness occurred which led him to think his death was at hand. While in this condition, another expression fell from him indicating the hope that his mind might remain till the last. He spoke of the difficulty of the process of dying, when Dr. Jeffries repeated the verse—"Though I walk through the valley of the Shadow of Death, I will fear no evil, for Thou art with me, Thy rod and Thy staff comfort me." Mr. W. immediately said, "the fact that I want, thy rod, thy staff." The close was perfectly tranquil and easy. His death occurred precisely at 22 minutes before 3 o'clock.

New Orleans, Oct. 25.

The intelligence of the death of Mr. Webster was made public by the *Picayune* to-day, and coming as it did so suddenly, created a shock through the entire community. At first the news was doubted, but the minuteness with which the closing hours of the Great Statesman were given left no doubt of the melancholy truth. The subject is the chief topic of conversation. Our city is one universal gloom.

Louisville, Ky., Oct. 25.

Mr. Webster's death has been received with deep manifestations of sorrow. Although it was hourly looked for, since Friday, yet its effect has been appalling.

Funeral of Mr. Webster.

Boston, Oct. 25th.

The funeral of Mr. Webster has been finally arranged for *Friday* next, when the body will be interred in the tomb at Marshfield.

Washington, Oct. 25th.

The Cabinet has as yet taken no action upon the death of Mr. Webster. It is rumored that Mr. W. will be succeeded by Mr. Crittenden.

Public Meeting at Kenosha.

Kenosha, Oct. 25.

At a meeting held this evening to take measures for a suitable expression of public feeling, in regard to the death of Daniel Webster, H. B. Hinsdale was called to the Chair, and Wallace Mygatt appointed Secretary. A committee of 5 was appointed, and the meeting adjourned to November 4th.

The Proposed National Ship Race.—The challenge offered by the American Navigation Club to all England is not yet accepted. The conditions of the contest were that the two ships should be modeled, commanded and officered entirely by citizens of the United States and Great Britain respectively, and that they should sail, with cargo on board, from a port in England to a port in China and back to the English port, the prize for the winning vessel to be £10,000, and to be paid without regard to accidents, or to any exceptions. It was also a stipulation that the vessels were not to be under 800 tons, nor over 1,200 tons, American Register. The Americans reserved the privilege of withdrawing the challenge if it were not accepted within thirty days. That time is nearly up, but, as a sort of excitement to British builders, the President of the American Navigation Club, Mr. D. C. Bacon, is authorized, should the present challenge not be accepted within the thirty days, to allow the British vessel a start of fourteen days before the departure of the American craft, and also to allow a crew picked from seamen experienced in voyaging between English and Chinese ports, while their crew is to be composed of American seamen and officers whose experience is limited to sailing between American and English ports. The Americans, under the new conditions, are willing to augment the stake to £20,000, or to any higher sum than the £10,000 of the present conditions most agreeable to the English, but the last named amount to be the minimum.

☞ We learn that on Friday in the Seven Day Settlement, five miles from Berlin, the dwelling house of Mr. Dean was burnt down, and his three children consumed in the flames. Their parents were absent. The oldest was only five years old. From appearances, two of the children, when they discovered the house on fire, concealed themselves under a bed, where the remains were found, and those of the youngest, about nine months old were found in the cellar. Cause of the fire not known.—*Marquette Mercury.*

The Lake Marine.—There are *six* Steamers contracted for, and some of them commenced, of the largest dimensions ever built upon the Lakes, being some 300 tons larger than the *Empire State!* They are to run on Lake Erie, and to be out in the Spring. No pains or expense is to be spared in making them superior in point of speed to anything afloat. Capt. Ward builds two, Capt. Hazzard two, and two are to be built by an eastern Company.—*Chicago Journal.*

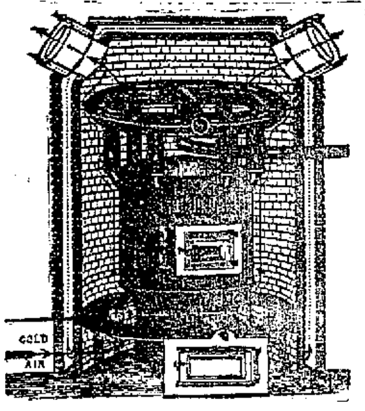
CHILSON'S PATENT

World's Fair Prize Medal

FURNACE!



WE ARE HAPPY TO ANNOUNCE THAT CHILSON'S PATENT AIR WARMING AND VENTILATING FURNACE, as recently improved and patented is declared by high and reliable authority, to be the

BEST FURNACE IN THE WORLD.

Not only is this Furnace, and our system of ventilation, proved and declared to be the best mode of Warming and Ventilating DWELLING, CHURCHES, ACADEMIES, SCHOOL HOUSES, COURT and STATE HOUSES, HOSPITALS, STORES &c., in nearly all the cities and towns in the United States, but is meeting with equal favor in the CANADAS, ENGLAND, RUSSIA, and other Foreign Countries. It has been awarded at the recent Fairs in this country, gold and silver medals, first premiums, and lastly the Great Prize Medal at the World's Fair, London. It has been subjected to the most rigid investigation and severe practical tests, and unanimously declared the best.—(See the printed reports of the Fairs, also city and state public committees on public buildings.) We have more than twenty-five hundred references, many of whom are professional gentlemen, whose scientific attainments in such matters are well known. To attain this desirable object, the inventor of this Furnace first abandoned the manufacture of the common fire hot air furnaces seven years since, under the settled conviction, that red hot iron furnaces burn the oxygen out of the air, producing an unhealthy, scorching, disagreeable odor, unfit to be inhaled by human beings; besides the constant cracking and burning out of the pots, which permits the poisonous gases to escape and mingle with the air; and the annoyance and expense of repairs, new pots, &c. He now has the satisfaction of knowing that his efforts to secure a *healthful, economical* and *durable* apparatus, for thoroughly warming and ventilating buildings, has been entirely successful.—They possess the following advantages: purity of air, powerful heaters, economical plan for burning anthracite, bituminous coals or wood, all equally well—fires easily cleared out—great durability of furnace, not liable to repairs for a life time; perfect safety against setting buildings on fire in which they are located; may be set in low cellars.—Sizes for all classes of buildings. Also, 4 sizes of new and superior PORTABLE FURNACES,—Dr. Clark's Improved Boston School Stove.

Registers of all descriptions; Hot-air Grates; Room Ventilators, &c.

Emerson's celebrated Ventilators for Roofs of Buildings and smokey chimneys, &c. Cooking Ranges, with or without Bath Boilers, and Hot-air Fixtures. All sizes and styles of those beautiful

MIRROR MARBLE MANTLES,

PARLOR AND CHAMBER FRAME GRATES,

of rich European and American styles. Also a splendid article of Liverpool Soft Coal Grates, for Parlors, &c.

SAUGATUCK IRON WORKS,

WESTPORT, CONN.

OFFICE NO. 5, NASSAU STREET, NEW-YORK.

WE DESIRE TO CALL ATTENTION TO THE following articles which we are manufacturing for Railroad companies, to-wit:—Car wheels and axles, boxes and pedestals, wheel presses, locomotive drivers and cylinders, screw cutters, drilling machines, switch stands, levers and targets, frogs, head and heel blocks, chairs, and all castings connected with Railroad superstructure.

WHEELS.—Nearly two years since we commenced business, with the view of making wheels. We were then informed by gentlemen whose intelligence and experience entitled their opinions to great weight, that the wheel was imperfect, and advised us to attempt its improvement.—With every desire to succeed, we commenced an examination of the various patterns in use, to ascertain and secure the best. We soon became convinced that a majority of the patterns would prove satisfactory, if the iron of which they were made was sufficiently strong and properly chilled. Since then, we have left no means unemployed that we could control, to procure a new and stronger combination of iron than heretofore used, and feel confident that we have succeeded, with which we are now manufacturing double and single plate and spoke wheels, fully guaranteed as regards strength and perfect chill. Within sixty days we will be able to supply limited orders with "Whistler's Express" and "Whistler's Single Plate" wheels. From the material used in, and the expense of fitting up, these patterns will cost something more than ordinary wheels, but it is confidently predicted by those whose opinions are most valuable in such matters, that they will possess a greater amount of strength than any cast or combination wheel made. They are the invention of Geo. W. Whistler, jr., Esq., (whose experience in all matters connected with railroads is sufficiently known) and intended to obviate the influence of contraction and expansion to an extent that will render them perfectly safe in all weather, at the highest rate of speed.

AXLES.—We will use none but the best fagoted, which are superior to any other.

SWITCH STANDS, LEVERS AND TARGETS.—We have adopted a stand that recommends itself for simplicity of construction, and the best guarded of any we know, invented by Van Blarcomb, Superintendent of Machine Shops of the Housatonic & Naugatuck Railroads, but will make of any pattern desired.

SCREW CUTTERS.—The invention of Mr. Van Blarcomb, a useful, cheap and successful machine.

BOXES AND PEDESTALS, of any size or pattern to order.

DRILLING MACHINES, of a very simple and very substantial character.

WHEEL PRESSES.—Made to order.

LOCOMOTIVE DRIVERS AND CYLINDERS.—Made to order.

FROGS, CHAIRS, HEAD & HEEL BLOCKS, And all work connected with superstructure, made by contract.

Predicating our success on the facilities we possess of procuring the latest improvements in machinery, and the uniform excellence of our work in material and finish, we solicit orders.

Spherical Disinfecting Fluid,

FOR purifying the air of sleeping and sick rooms, cabins and holds of ships, particularly for passenger ships, at sea or in port, prisons, jails, crowded rooms in general, from offensive, close and infectious air of all kinds, including the infectious spheres of cholera, ship, typhus, yellow, bilious, scarlet and other fevers of our own or Southern and Western climates, in cities and towns, on land and water. Also, for disinfecting the bodies, clothes, and trunks of persons who are in or have been in the atmosphere of infectious diseases.

This fluid is healthy to breathe or take internally, and instead of filling the room with a choking, irrespirable air, as the chloride of lime and other chemical preparations in use do, it makes the whole air sweet and salubrious, and at the same time strengthens the respiration and enlivens the spirits of those present, by its balmy, fragrant and tonic influence.

The Following Certificate

selected from a number, can be seen at the store of the agents:

HOE'S CAST STEEL, CIRCULAR AND LONG SAWS.

THE SUBSCRIBERS MANUFACTURE FROM THE best cast steel, Circular Saws, from two inches to five feet in diameter. These saws are carefully hardened and tempered, and are ground and finished by machinery designed expressly for that purpose, and are therefore much superior in truth and uniformity of surface to those ground in the usual manner. They require less set, less power to drive them, and are not so liable to become heated and produce a saving in timber.

They also manufacture, Cast Steel MILL, PIT and CROSS-CUT SAWS and BILLET WEBS, of superior quality, all of which they have for sale at their warerooms, Nos. 29 and 31 Gold street, or they may be obtained of the principal hardware merchants in the United States.

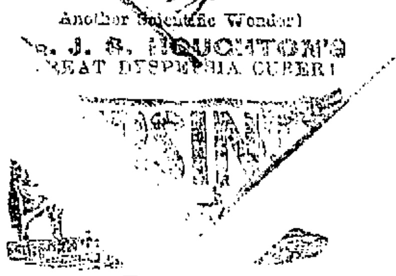
PATENT ME

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the Clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!

DR. J. S. HOUGHTON'S

GREAT DYSPEPSIA CURER!



TI.

DIGESTIV. FLUID,

OR

GASTRIC JUICE!

PREPARED from Rennet, or the fourth stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of Pepsin, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Pepsin is the chief element, or Great Digesting Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York; page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had resource to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice obtained from the living human stomach and from animals, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER,

Dr. Houghton's PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Bilious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, heaviness, lowness of spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's Pepsin is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use of Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ Observe this.—Every bottle of the genuine Pepsin bears the written signature of J. S. Houghton, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicine.

CHERRY PECTORAL

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Many years of trial, instead of impairing the public confidence of this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys.—While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost invariably, cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American peasant, to the palaces of European Kings. Throughout this entire country, in every State, city, and indeed almost every hamlet it contains, Cherry Pectoral is known as the best remedy extant for diseases of the Throat and Lungs, and in many foreign countries it is coming to be extensively used by their most intelligent Physicians. In Great Britain, France and Germany, where the medical sciences have reached their highest perfection, CHERRY PECTORAL is introduced, and in constant use in the Armies, Hospitals, Alms Houses, Public Institutions, and in domestic practice, as the surest remedy their attending Physicians can employ for the more dangerous affections of the lungs.—Also in milder cases, and for children it is safe, pleasant, and effectual to cure. In fact, some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly incidental to childhood.

The CHERRY PECTORAL is manufactured by a practical Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence—a remedy at once safe, speedy and effectual, which this has by repeated and countless trials proved itself to be; and trust by great care in preparing it with chemical accuracy, of uniform strength to afford Physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them all that medicine can do.

THIS machine is now in successful operation at the shop of Wm. Hawkins in this city, and will dress Staves for

Packing, Flour and Whiskey

BARRELS,

and PIPES or HOGSHEADS, at the rate of

600 Whiskey or 800 Flour Barrel Staves

straight, winding or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work, from 22 inches to 72 inches in length of any reasonable width and to any requisite bilge, and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters and is then ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of Iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The Subscribers having purchased of Wm. Hawkins the patent right for the United States are prepared to sell rights for States, Counties, or for running single machines and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the Foundry business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST

DOUBLE OVEN COOKING STOVE.

(*Which received the First Premium at the State Fair, lately held at Janesville.*)

Possesses great advantages over every other stove, for plainness and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire box—acknowledged to be a great improvement.

The [illegible] PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the conveniences of the stove combined with the beauties of the open grate. It is beautifully ornamented, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superceding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an article in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

PATENT MEDICINES

New Advertisement—let everybody read it.

NO. 1.

R. R. R.

RADWAY'S READY RELIEF,

is the first and only remedy ever recorded in the Medical History of the World that has stopped the most violent pains in a few seconds.

IT WILL STOP

THE MOST SEVERE PAINS

IN A FEW MINUTES, AND CURE THE MOST OBSTINATE AND PERSISTENT RHEUMATIC, NEURALGIC AND NERVOUS COMPLAINTS

IN A FEW HOURS,

INTERNAL AND EXTERNAL.

IT WILL STOP

THE MOST EXCRUCIATING PAINS,

IN FROM THREE TO FIVE MINUTES!

AND HAS CURED

Rheumatism	In Four Hours.
Neuralgia	In One Hour.
Croup	In Ten Minutes.
Diarrhea	In Fifteen Minutes.
Toothache	In One Second.
Spasm	In Five Minutes.
Cramps	In Five Minutes.
Sick Head Ache	In Fifteen Minutes.
Chill Fever	In Fifteen Minutes.
Chill blains	In Five Minutes.
Sore Throat	In Four Hours.
Influenza	In One Hour.

SPINAL COMPLAINTS, STIFF JOINTS, STRAINS, BRUISES, CUTS, WOUNDS, FROST BITES, CHOLERA MORBUS, DYSENTERY, TIC DOLOREUX, and all other complaints where there is severe pains, RADWAY'S READY RELIEF will instantly stop pain, and quickly cure the disease.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system, it prostrates the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralyzes the absorbents and renders them unable to take up and replete the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system.—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF

In a few seconds

WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity; it arrests the most distressing pangs in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.

PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE.

The use of Morphine, Strychnine, Aconitine, Belladonna Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.* If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF

IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produces on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,

Diarrhea, Dysentery,
Bloody Flux, Cholera Morbus,
Painful Discharges.

It relieves the most severe pains in a few minutes—checks the most distressing discharges and

SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.

PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER.

CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidney's, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAY'S MEDICATED SOAP.

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.

By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth.
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.

Imparts nutriment to the hair,—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff—gives action to the bulbs,
Fastens the hair up on the scalp, and forces it to grow—
Like a rose to a barren soil, it makes it rich and productive.—
To dress the hair, make it smooth and glossy,—
Soft and beautiful, &c.

Radway's Circassian Balm is the "ne plus ultra."

120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of Invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.

(From the Boston Bee.)

The Editor said, Dec. 22d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 25

"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

The Daily News, July 21, says:—"A Medicine—We speak knowingly of Dr. Hofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

A Word of Caution to the Public!

Dealers in Pain Killer are cautioned against buying or selling a spurious article of Pain Killer, manufactured by White & Co. of Buffalo, which is a worthless imitation and the pamphlets a "base forgery" which will appear by comparing them with the Genuine. "The certificates are copied verbatim." The proprietor of the Genuine Perry Davis' Pain Killer will prosecute any person, engaged in selling this spurious article, and is determined to protect himself and the public from this "infamous fraud." Many unprincipled persons, to deceive the public, and for the sake of gain, have applied the name Pain Killer or something similar to their own compounds such as Pain Destroyer, Pain Killing Compound, a real Pain Killer, &c. &c. all of which have been got up on the reputation of Perry Davis' Pain Killer.
